HCAA Fly Out to Muncie

Our May activity featured a fly out for lunch. Five planes made the trip with 13 passengers who enjoyed lunch at Amazing Joe's. Photos follow courtesy of Kenzi Tresner and John Rothrock.

"Thank you all who attended the Fly-out for KMIE for lunch at Amazing Joe's. I know I had a great time talking with everyone and catching up. I cannot wait for the runway open, so we can do it again!" - Kenzi

Welcome New Member

Matt recently joined HCAA. It is a pleasure to introduce Matt and give you some information about him in his own words:

I'm Matt Edwards. I've been flying at 2R2 off and on since being Kenzi's instructor for her Private in 2016. I've been a flight instructor since 2002 and have been a High School Aviation teacher since 2007, currently at Central Nine in Greenwood and previously at Ben Davis Area 31. I live in Danville with my three kids and get to Australia whenever I can to visit my fiancée."

This was a deserted area on a perfect evening for a June get together with a nice breeze to cool you off (look at the flag) but it didn't happen. A head count of those planning to attend the June 20 event was requested with two notices emailed asking for that information. When only two people responded, everything had to be cancelled. Checking emails regularly is suggested and responding promptly is recommended so this doesn't happen again. Mark and Pat Starzynski missed the notices and came with a container of ice cream drumsticks. (They were delicious.)
