FUTURE EVENTS

The first Board Meeting in 2020 will be on March 10 to plan our activities for the year. All members are welcome to attend and take part in the proceedings.

In the November newsletter, mention was made of National Pie Day as being March 14. However, that date is really National Pi Day. (National Pie Day is January 23.) Confused? Regardless, we will go with Pi Day in March as the weather should be better then. If you have a question as to what Pi Day is, you can Google it and get all the details. (It has to do with math.) So keep the date of Saturday, March 14, open and we will celebrate with pie at the airport, along with other foods. This will be a special get together so don't miss it! More details later.

PIZZA PARTY AND GAME NIGHT A SUCCESS

The November pizza party was a lot of fun with multiple pizzas with various toppings to suit everyone. And there were lots and lots of desserts! The very few pieces of pizza left over were taken home to snack on later. Several participated in the games and we look forward to a repeat next year. Photos follow.

A state trooper spied a car pattering along at 22 MPH. So he turned on his lights and pulled the driver over. Approaching the car, he noticed that five old guys were inside and they looked wide-eyed and terribly pale. The driver pleaded with him, "Officer, I don't understand. I was doing exactly the speed limit. What seems to be the problem?" "Sir the officer replies, "You weren't speeding, but driving slower than the speed limit can also be dangerous." "I beg to differ, Officer. I was doing the speed limit exactly: twenty-two miles an hour," the old man said. The trooper, chuckling, explained to him that "22" was the highway number, not the speed limit. A bit embarrassed, the man grinned and thanked the officer for pointing out his error. "But before I let you go, sir, I have to ask... Is everyone in the car ok? These guys seem awfully shaken." "Oh, they'll be all right in a minute," the old man said. "We just got off Route 119."

Merry Christmas!!
