January 2021 Issue

Happy New Year !!

With best wishes for a year much improved over 2020.

The year 2020 was a disappointment as far as our activities were concerned. We cancelled our April and May events as well as the August Lunch at the Airport, the October Chili Cookoff and the December Christmas Dinner but are looking forward to better times in 2021.

We were pleased to add several new members as follows: Mark & Cassandra Bartolovich, Anthony & Diane Coiro, Kelly & Judy Martin, Kurt & Teresa Martin, Tom & Billie Parrish, and Allan & Deborah Reed. Jim Schrage and Kevin Waldroup rejoined after a few years absence. Welcome and Welcome Back!! We are hopeful there will be lots of activities and events you can participate in this year.

We lost one long time member. Rosie Bozell passed away on October 8.

As usual, no activities have been planned for January or February. The first meeting of our Board will be on March 9. All members are welcome to attend the board meetings to voice your thoughts and suggestions for the year. A schedule of activities for March through December will be published in the newsletter.

We plan to celebrate National Pi Day again this year (if possible) on Saturday, March 13, with pie being the featured dessert. (Get ready to bake a pie.) This event was well attended last year with lots of delicious pies to choose from and enjoy.

The board voted to waive the payment of dues in 2021 for anyone who paid their dues in 2020. So if you were a paid up member last year, you are paid up for this year.

Welcome to our first new members of 2021 – David & Christina McEntire who live at Way West Airpark. They have an Acro Sport II. David is a pilot with the following ratings: glider, commercial, multi engine, instructor – airplane and glider. We look forward to David and Christina participating in our activities this year!

Update on Norm Patrum: Norm is scheduled to return home from the Mill Pond Health Campus in Greencastle on January 29 following rehab from the stroke he had in early October. Don Hughes will be helping Norm's grandson remove the thick carpet from Norm's bedroom this Saturday (January 23) to make it safe for wheelchair use. Then they will move the furniture back in so the room is ready for Norm's return home.
